Note: Mobile signal jammers may not be permissible to import into certain countries due to licensing of broadcast signals or other restrictions. Please check your country's telecommunications regulations before placing your order. We will adjust the CDMA / GSM / DCS / PHS for you base on your country signal frequency. Jamming range depends on the signal strength from various sources, as well as local environment conditions. Technical Feature: Taking use of super-high frequency and mini-power interference technology, high efficiency. Effectively making subsections. Just interfering downlink and no interception on the base station. Extreme portability. The weight for machina itself and antenna are just 0.35KG.Slow start up design of circuit. These elements can maintain the stable operation condition with high integration. Inside high power fans, better cooling system, can work 24/7 continuously. Single band switch of each band. Can turn on/off each bands separately and without influencing other bands. With leather cover, easy to carry. Work time: 90 minutes, this jammer can continue to work when charging. Support Powered by car cigarette charger. Can OEM or ODM for specially request.
