## Portable Mobile Phone Jammer Classic Model 2021/06/11

Product Description The strength of this pocket-sized device's ability to jam a variety of cellular frequencies would give anyone who seeks to reclaim places of quietude the ability to do so. Anyone who is looking for a portable cell jammer that is strong enough to increase productivity in the workplace can use this. While time is of essence for busy professionals such as doctors, lawyers and researchers, this portable device works great with a holster case (not included, see our accessories page) for those who need to remain on the move to complete the job. Each battery charge lasts up to two hours, which is perfect for watching a movie in the theaters without any ringtones disrupting the experience. The NiMH battery and a standard outlet charger are included in the package. Need to keep jamming for longer periods of time? Does your battery seem to die more often lately? For this and all of our portables, we offer spare batteries for extended usage! The antennas may take abuse from every day activities with children and rough job conditions, so spare antennas are also available in the event of breakage or damage. Coverage: AMPS, TACS, NMT, GPRS, GSM, DCS, CDMA, PDC, TDMA, PHS, PCS, iDEN, W-CDMA, UMTS, 3G Range: Aprox. up to 25 Meters Output Power: 2.7W Dimensions: 11x6x3cm (LxWxD) \*Note - This model does not block 4G. We offer an affordable 4G compact in a different platform.

## video cellphone jammer program
