High Power Jammer - Adjustable Cell Phone Jammer with Remote Control  
2021/05/22

Product Description This is a four-channel models cell phone jammer with remote control, which can shield the CDMA, GSM, PHS, DCS and 3G mobile phones effectively. This cell phone jammer is designed only to block mobile phone signal without affecting the normal work of other electronic equipments. Besides it has an adjustable external power and a remote control switch. And once it has power supply, it can work steady for a long time. What's more the phenomenon of the spark caused by the mechanical switch can be avoided by the special distinctive design of flow through the pressure of short-circuit protection and soft-start circuit. Besides depending on the signal strength given in an area the jamming range of this device could reach 50m. This cell phone jammer can be used in places like jails, churches, meeting rooms and cars to create a peaceful environment. And the external omni-directional antennas all the TX frequency will only shield down link without affecting the base station. Are you looking for a cell phone jammer like this? Jammerall is a good place, where you can buy high quality and economical products. Come here, contact us and add one to your chart.
